Requesting Premium Processing

- You may choose to add the Premium Processing service at the time you submit your initial application
  - You may also add the Premium Processing service at a later time
- Premium Processing offers adjudication within 30 business days (~6 weeks), unless USCIS determines additional information is required
- Given the uncertain processing times for OPT, if you have a job offer that starts within 2 months and the start date is inflexible, then the Premium Processing service is recommended
  - Current cost: **Additional $1,780**

Would you like to request Premium Processing Service?

Premium Processing Service guarantees that USCIS will take one of several possible actions (issue an approval notice, a denial notice, a notice of intent to deny, or a request for evidence or open an investigation for fraud or misrepresentation) on your Form I-765 within 30 days.

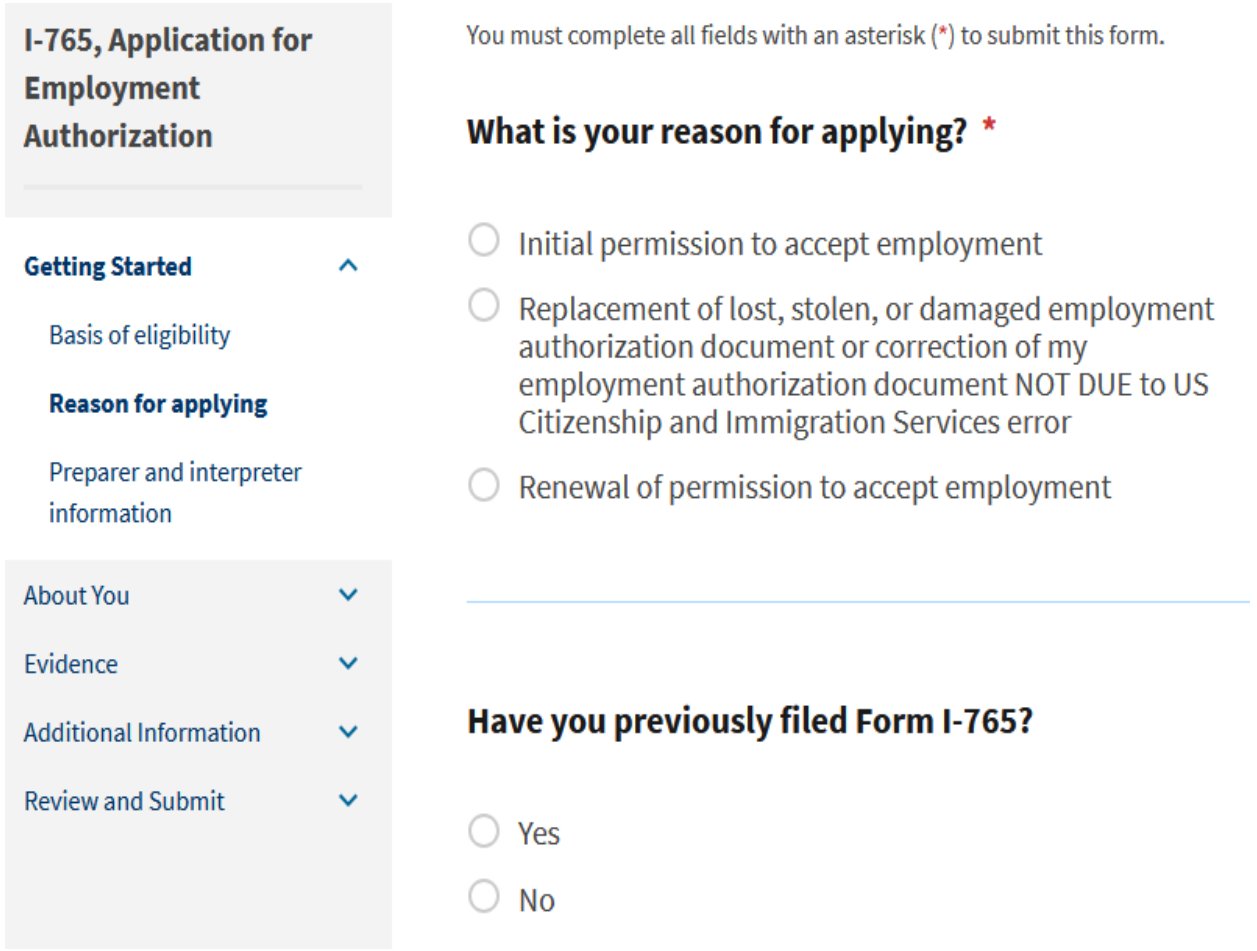

If you request premium processing, you will be asked to complete the Form I-907 after you sign your Form I-765. You will then be able to pay for and submit both forms at the same time.
